Become a Coach

Our coaches play an important role in creating an environment where our athletes can reach their potential as netballers and outstanding young girls and boys. It can seem daunting at first, but it's a great experience; and we'll be here to support you each step of the way.

Accreditation

We ask that all coaches sit the Foundation Coaching Skills course available online.

Becoming accredited gives you the basic foundation skills you need to coach netball. There are also further steps that will help you to continue to grow and learn throughout your coaching career. To see what courses are available please visit the [Netball QLD Accreditation Page](#).
